Fake news websites (also referred to as hoax news websites) are Internet websites that deliberately publish fake news–hoaxes, propaganda, and disinformation purporting to be real news–often using social media to drive web traffic and amplify their effect. Unlike news satire, fake news websites deliberately seek to be perceived as legitimate and taken at face value, often for financial or ...

In Congress, if one member of each chamber – the House and the Senate – decides to challenge a state's slate, that opens the door to a maximum two-hour debate, he said. This would not stop the constitutionally mandated presidential inauguration from taking place, said Nolette, even in the extreme-case scenario that every state's outcome ...
