Honda's first production V6 was the C series; it was produced in displacements from 2.0 to 3.5 liters. The C engine was produced in various forms for over 20 years (1985–2005), having first been used in its then new Legend model, and its British sister car the Rover 800-series (and Sterling).. All C engines share in common a 90-degree V from bank to bank and common cylinder block bore centers.

Honda XL250 is a four stroke 250cc motorcycle from Honda introduced in 1972 and manufactured through most of the 1980's. It is an "enduro" or "dual purpose" bike meaning it physically looks like a dirt bike, and shares many characteristics with a dirt bike, but it is street legal. The bike is completely mechanically operated as there are no hydraulics on the bike.
