“It’s that old-school machismo approach. It’s so deeply ingrained, not just in climbing culture, but society too, and therefore within ourselves. You have this sport that is literally about conquering a mountain – it would be hard not to have that ego. I just think that, for years, the narrative was that vulnerability didn’t have a ...

Many suicide attempts occur with little planning during a short-term crisis. Intent isn’t all that determines whether an attempter lives or dies; means also matter. 90% of attempters who survive do NOT go on to die by suicide later. Access to firearms is a risk factor for suicide. Firearms used in youth suicide usually belong to a parent.
